MEMORANDUM FOR THE DIRECTOR

SUBJECT: Location of the PUEBLO

1. COMIREX has noted that:

a. As a result of the last BLACK SHIELD mission, it seems clear that we do not now know the location of the PUEBLO.

b. We are not scheduled to get any assistance from satellite reconnaissance for the purpose of finding the PUEBLO

c. If the location of the PUEBLO is of critical importance in US policy decisions during the next month, the only feasible way of searching for its present location would appear to be to employ the OXCART.

2. We will be prepared to provide coordinated requirements as rapidly as possible if you decide at any point that the location of the PUEBLO is of such importance as to justify another OXCART mission.
